**AURORA SINGLE TREE METROPOLITAN DISTRICT
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District, a quasi-municipal corporation, is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in the City of Aurora (the City) in Adams County, Colorado. The District was organized by court order dated December 23, 1998, to provide for acquisition, construction and installation of water, sanitation, drainage, street improvements, parks and recreational facilities, substantially all of which have been transferred to the City.

District voters approved debt authorization in an amount not to exceed \$9,700,000 for the above listed facilities. The above authorization is subject to limitations in the Service Plan which limit the District's debt to \$6,975,000, regardless of the amount authorized by the voters.

On November 19th, 2018, the City of Aurora approved an amendment to the District's service plan, which increased the District's debt limit to \$8,065,000.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The District's Service Plan provides that the District's debt mill levy may be adjusted to take into account legislative or constitutionally imposed adjustments in assessed values or the method of their calculation (as of April 19, 1999), so that, to the extent possible, the actual revenues generated are neither diminished or enhanced as a result of such changes. Among other adjustments, a change in the ratio of actual valuation of assessable property (assessment ratio) shall be deemed a change in the method of calculating assessed valuation. The service plan limits the District's mills to 55.607 as adjusted. For collection year 2023, the District's mill levy is 40.106 mills for debt service and 2.055 mills for operations.

No assurance is provided on these financial statements. Substantially all required disclosures, the government-wide financial statements, and the statement of revenues, expenditures and changes in fund balances - governmental funds have been omitted.

**AURORA SINGLE TREE METROPOLITAN DISTRICT
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues (Continued)

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7.00% of the property taxes collected. The budget assumes that specific ownership taxes are allocated to the General Fund.

Net Investment Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 2.0%.

Expenditures

Administrative and Operating Expenditures

Administrative and operating expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, accounting and audit, insurance, banking, meeting expenses, and other administrative costs.

County Treasurer's Collection Fees

County Treasurer's collection fees have been computed at 1.50% of property taxes.

Debt Service

Principal and interest payments are provided based on the debt amortization schedule from the Series 2018 Bonds (discussed under Debt and Leases).

No assurance is provided on these financial statements. Substantially all required disclosures, the government-wide financial statements, and the statement of revenues, expenditures and changes in fund balances - governmental funds have been omitted.

**AURORA SINGLE TREE METROPOLITAN DISTRICT
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Debt and Leases

Limited Tax General Obligation Refunding Bonds, Series 2018. On December 11, 2018, the District issued \$8,965,000 of Limited Tax General Obligation Refunding Bonds (the 2018 Bonds). The Series 2018 Bonds are term bonds in the original amounts of \$1,510,000, due December 1, 2033, \$1,225,000, due December 1, 2038, \$1,525,000, due December 1, 2043, and \$3,765,000, due December 1, 2052. The 2018 Bonds were issued with interest rates of 4.125% - 5.000% per annum. Interest is payable semi-annually on June 1 and December 1, commencing on June 1, 2019. Bonds maturing on or after December 1, 2029 are subject to redemption prior to maturity at the option of District.

The 2018 Bonds are secured by (1) the Required Mill Levy, and (2) any other legally available moneys which the District determines in its sole discretion to apply as pledged revenue. Proceeds of the 2018 bonds were used to (1) refund the 2006 General Obligation Bonds, and (2) pay the costs of issuing the 2018 Bonds.

The Required Mill Levy shall be an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient, when combined with other legally available moneys in the Bond Fund, to pay the principal of, premium if any, and interest on the Bonds as the same become due and payable, but not in excess of forty (40) mills (as adjusted). Such maximum and minimum mill levies are subject to adjustment per the Gallagher Amendment from April 19, 1999 and are currently 55.475 mills. For purposes of the foregoing, a change in the ratio of actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation.

The District has no operating or capital leases.

Reserve Fund

Emergency Reserve

The District has provided for an emergency reserve equal to at least 3% of fiscal year spending as defined under the TABOR Amendment.

No assurance is provided on these financial statements. Substantially all required disclosures, the government-wide financial statements, and the statement of revenues, expenditures and changes in fund balances - governmental funds have been omitted.
